HIGH-SPEED DOOR

ZipGO Compact

Self-repairing high-speed door

ZipGO Compact

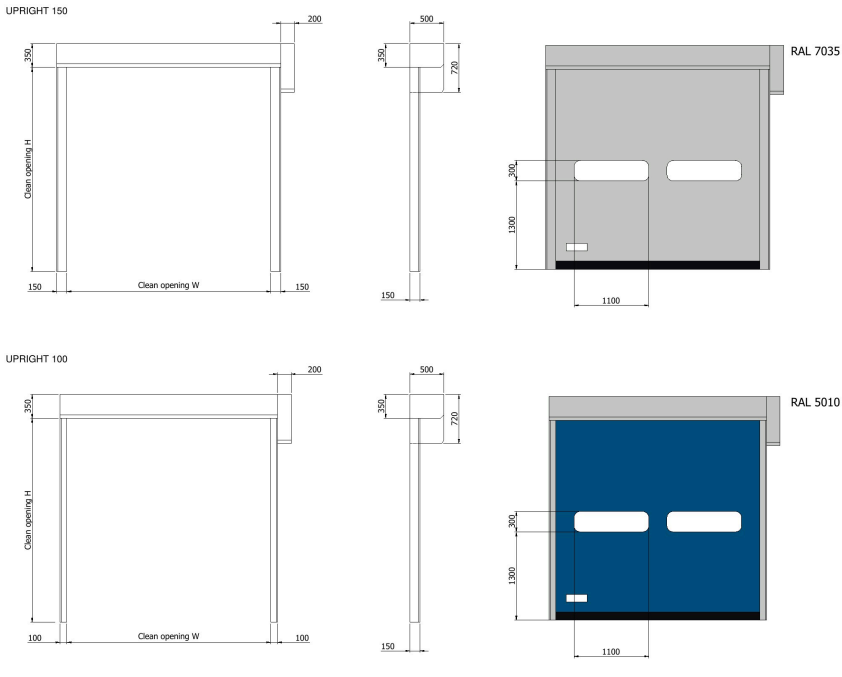

Compact, fast, reliable.

Speed › Opening up to 2.2 m/s
Wind resistance › Class 2

ZipGO Compact is the ideal solution for the rapid compartmentation of areas with smaller openings. Thanks to its compact design and self-repairing technology it offers reliability, fast opening and closing, even under intensive use.

Technical drawing

DWG files free to download in your GLG area

Indoor and outdoor use

It suits indoor and outdoor installation, including where people and vehicles pass frequently. Certified to UNI EN 13241-1.
